Location
Nevada, #3
jurisdiction for
Gold in the world

Share Structure

Common Shares	Options	Warrants	Fully Diluted
49,675,932	3,800,000	7,052,294	60,528,226

Our Projects

Hot Springs Range

- World-class deposit potential
- Analogue to Twin Creeks and Turquoise Ridge mines totaling 19 Moz but never before drilled
- Parallel trend 15km from 42Moz Getchell Trend with several analogous features
- Planned drilling in 2024

Gilbert South

- Located in Walker Lane Trend
- Multi-km gold system identified with abundant gold at surface with ideal conditions for bonanza style veins at depth – samples of up to 31 g/t Au
- Has had historical drilling
- Planned drilling in 2024

This document has been prepared by Eminent Gold (the "Company") to introduce the Company's mineral exploration projects. Because it is a high-level summary presentation, the information contained herein cannot contain all the information that should be reviewed before making an investment decision.

SUMMARY OF CAUTIONARY NOTES

Forward-looking statements are inherently uncertain.
Canadian mineral disclosure differs from U.S. mineral disclosure.
