Dr. Dan McCoy, CEO of Eminent, commented:

"I would like to thank Kinross for their support. The proceeds from their warrant exercise will enable us to resume drilling at our 100%-owned Hot Springs Range Project in the near term and to advance our Celts project toward drilling in the coming months.

We are also appreciative of Kinross' continued engagement with our technical team, as their insights have been and continue to be valuable to Eminent. Their participation provides further validation of the new oxide, Carlin-style gold system we are in the early stages of identifying."

ON BEHALF OF THE BOARD OF DIRECTORS
